OBJECTIVE

Senior React Native Developer with 7+ years of experience in designing, developing, and maintaining high-quality mobile applications using React Native and Native iOS (Swift). Experienced in building scalable applications, integrating payment gateways, subscription platforms, analytics, and third-party SDKs. Passionate about delivering performant, user-centric mobile solutions while collaborating effectively within Agile teams.

EXPERIENCE

April 2019 - Present

- **Senior React Native Developer | iOS (Swift) | 7+ Years Experience**
  Mind Roots Pvt Ltd
  * Designed and developed scalable React Native and Native (Swift) applications for enterprise and consumer products.
  * Integrated AI, payment gateways, subscriptions, analytics, and third-party SDKs.
  * Published and maintained multiple production applications on the Apple App Store and Google Play Store.
  * Collaborated with cross-functional teams to deliver high-quality mobile solutions.
  * Improved application stability through performance optimization and crash monitoring.

EDUCATION

2018

- **SD College KUK University Panipat**
  B.sc (Computer Science)

SKILLS

- Languages & Frameworks - React Native, Swift (iOS), JavaScript (ES6+), TypeScript
- State Management & Architecture - Redux, React Hooks, MVC, MVVM
- Backend & APIs - REST APIs, JSON, AsyncStorage
- Firebase - Firebase Authentication, Cloud Firestore, Firebase Cloud Messaging (FCM), Firebase Crashlytics, Firebase Analytics
- SDKs & Integrations - Branch.io, AppsFlyer, Amplitude, RevenueCat, Superwall, TikTok Events SDK, Google Maps SDK, Google Places API, Push Notifications
- Payment Integrations - Apple Pay, Stripe, Razorpay, Square, Braintree
- iOS Development - Xcode, CocoaPods, TestFlight, App Store Connect
- Tools & Practices - GitHub, Code Review, Performance Optimization, Debugging, Third-Party SDK Integration

PROJECTS

- **SPF – Tan Timer & UV Tracker**
  React Native | Swift | OpenAI | Firebase | RevenueCat | Superwall | Amplitude | FCM | Widgets

  * Developed an AI-powered skin health and tanning application using OpenAI to generate personalized tanning recommendations based on user profiles and skin analysis.
  * Integrated UV Index widgets, 10-day weather forecasts, subscriptions, analytics, and push notifications using RevenueCat, Superwall, Amplitude, and Firebase.
  * Optimized application performance, resolved production issues, and published regular updates on the Apple App Store

- **Routinely – Clear Skin Coach**
  React Native | Swift | OpenAI | Firebase | RevenueCat | Superwall | Amplitude | FCM

  * Developed an AI-powered skincare application that analyzes skin health, scans

skincare products, and generates personalized skincare routines using OpenAI.
* Integrated subscriptions, analytics, push notifications, and third-party SDKs including RevenueCat, Superwall, Amplitude, and Firebase.
* Optimized application performance, resolved production issues, and published regular updates on Apple App Store

- **EmergencyMusician**
  React Native | Swift | Firebase | Square | FCM

  * Developed and maintained a mobile platform connecting musicians with churches, event organizers, and clients for seamless booking and gig management.
  * Integrated secure payments, push notifications, deep linking, and third-party SDKs to enhance user engagement and booking workflows.
  * Optimized application performance, resolved production issues, and published regular updates on both the Apple App Store and Google Play Store.

- **Mevlo – Off-Market Homes**
  React Native | Swift | Firebase | Branch.io | RevenueCat | Stripe

  * Developed and maintained a real estate platform for discovering and managing off-market property listings.
  * Integrated payments, subscriptions, deep linking, analytics, and push notifications, Cloud messaging, RevenueCat, Branch.io, Amplitude, Sentry and Firebase.
  * Optimized application performance, resolved production issues, and published regular updates on both the Apple App Store and Google Play Store.
- **We Are Detailing: Car Care**
  React Native | Swift | Firebase | Superwall | Stripe | FCM

  * Developed and maintained a mobile platform for professional car detailing education, training, and e-commerce.
  * Integrated subscriptions, secure payments, push notifications, and third-party SDKs including Superwall and Firebase.
  * Optimized application performance, resolved production issues, and published regular updates on both the Apple App Store and Google Play Store.

- **Additional Experience:**
  Contributed to the development and maintenance of multiple enterprise and consumer mobile applications across healthcare, fintech, e-commerce, real estate, AI, and service-based domains.

ACHIEVEMENTS & AWARDS

- Successfully delivered 20+ mobile applications.
- Developed AI-powered mobile features using OpenAI for personalized user experiences.
- Integrated multiple payment gateways including Stripe, Square, Razorpay, Apple Pay, and Braintree.
- Reduced application crash rates through performance optimization and Firebase Crashlytics monitoring.
- Led feature development and mentored junior developers.
- Published and maintained multiple apps on the Apple App Store.

INTERESTS

- Mobile app development
- Learning new technologies
- Fitness
